PROPEL WORKSHOPS DESCRIPTIONS

FALL 2018 *ProPEL=Professional Practice & Experiential Learning

Navigating Handshake

ProPEL your Career through Handshake - learn how to navigate WSU's jobs portal and set up your personal profile so that employers can find you.

Résumés

Need a résumé? Your current résumé not landing interviews? Don't know where to start? Let us help! We will discuss format, style, and how to write a résumé that best reflects your strengths and talents.

Informational Interviews

Learn about the informational interview process, including what to ask, how to approach, and how to utilize your network in the job search.

Interview Skills

Interviewing can be scary. This workshop addresses key aspects of the interview process: preparation, interview types, what to expect and answering the behavior-based questions. A good resume gets you noticed; strong interview skills will help you land the job.

Interviewing

Mock interview Workshops are designed for students to strengthen and test their interviewing skills by placing them in a "mock" interview setting.

Career Fair Prep

You have 30 seconds to make an impression...are you ready? Prepare for the Career Expo and Technical Fair—learn how to research employers, give your best impression and network effectively.

Job Search

Join us to explore strategies and resources you can use to find an internship or job that aligns with your interests.

Develop your ePortfolio

Learn how to best share your academic and entrepreneurial experiences with a professional audience, such as future employers or graduate schools.

Earn Tech/Elective Credit for Your Internship

Learn about ways to ProPEL yourself into a career and earn academic credit that counts toward your degree.
